## Note from the Resolutions Committee Chair:

We are the Party of Inclusion and Diversity. We have pioneering ideas on how to help the world, and our Platform reflects that. We as Oklahoma Democrats come together once every two years to amend our Platform as the times, situations, elected officials, and pressing issues change. The enormity and importance of the task of defining what we stand for publicly has been on the collective forefront of the minds of the entire Resolutions Committee as we put this in a format that was both informative and easily read.

The resolutions you will find here are amending the language, changing our stance based on new knowledge, better defining our stances, or presenting innovative ideas. Every “be it resolved” statement that is passed at Convention will become the platform that we can collectively take pride in standing behind. Therefore, I thank the authors of those resolutions for putting forth the effort to help us define ourselves more clearly.

Every single member of the Committee took great care to preserve authorial intent while doing the merges and edits required to reduce the redundancy of several similar thoughts. After reading every resolution sent to this committee, I know that despite our differences, we as Democrats are pretty-closely aligned in our beliefs and stances. While we may debate at Convention over the best way to present our ideas, I am heartened to see how unified we are in the pursuit of human rights, justice, diversity, equality, equity, and so much more.

After many hours in pandemic-era Zoom meetings working to put together this report, it is my honor to present this report on the issues we all invest ourselves in changing, preserving, or eliminating. As Chair of this Committee, it was my great privilege to work with such a diverse, dedicated, collaborative, and hard-working committee. I hope you will join me in congratulating them on a job well done.

Democratically Yours,

Amber Jensen  
Congressional District 3 Chair

1025 Title: Resolution in Support of Passage of a Carbon Fee

1026 WHEREAS:

1027 We recognize that sound scientific evidence has shown that climate change is real, caused by  
1028 human activity, and we must take action to reduce greenhouse gas emissions to limit global  
1029 warming to 1.5 degrees Celsius by achieving net zero emissions by 2050; and

1030 WHEREAS:

1031 We recognize that the most socially just, and economically efficient way to limit global warming to  
1032 1.5 degrees Celsius, is to put a price on carbon dioxide and other greenhouse gas emissions;

1033 WHEREAS:

1034 We support passage of a carbon fee and dividend, in particular, the Energy Innovation and Carbon  
1035 Dividend Act of 2021, H.R.2307 (117th Congress, 2021-2022) because:

1036 A. It would cover 80% of greenhouse gas emissions in a single stroke.

- 1037 B. It would reduce greenhouse gas emissions nearly enough to limit warming to 1.5 degrees
- 1038 Celsius: 30% in the first 5 years and is the single most powerful tool we have to achieve net
- 1039 zero by 2050.
- 1040 C. It would save lives by reducing air pollution.
- 1041 D. It would provide a monthly dividend, helping especially those with low and middle incomes, to
- 1042 spend as they see fit. Those most vulnerable to climate change are those already the most
- 1043 vulnerable in society – people of color and people with low income.
- 1044 E. It would help the economy by creating 2.1 million new jobs in local communities within the first
- 1045 10 years.
- 1046 F. It has supporters across the political spectrum. Solving climate change is so urgent that we
- 1047 must make this a bridge issue, not a wedge issue, to act as soon as possible and with a
- 1048 sustained commitment.
- 1049 G. It would collect steadily rising fees on greenhouse gas emissions and allocate the net revenue
- 1050 with monthly dividends to all Americans and legal residents.

**THEREFORE, BE IT RESOLVED:**

**We support passage of a carbon fee and dividend.**

**We support the establishment of an industry funded earthquake trust for citizens whose property has sustained damage caused by increased seismic activity.**

2021 Resolution to Amend the Platform of the Oklahoma Democratic Party

Submitted By: CD3

Title: Resolution to Support the Reduction of Noise Pollution in Residential Areas

**WHEREAS:**

Noise from trains and traffic are forces that disrupt sleep, affecting people's health by leading to memory issues, increasing blood pressure, contributing to dementia, and causing learning issues in school and less productivity at work; and

**WHEREAS:**

Being subjected to excessive noise from trains and traffic is seen nationally and worldwide as being not only a health issue but as a civil rights issue because it tends to affect people who are poor or belong to racial or ethnic minorities because these groups tend to live closer to traffic congestion and railroad tracks due to past segregationist government housing policies or current economic necessity; and

**WHEREAS:**

Train horn noise levels can be up to 110 decibels (dB) at 100 feet away and a congested highway can be up to 60 dB at 300 feet and experts believe disturbed sleep can start at noise levels as low as 30 dB;

**THEREFORE, BE IT RESOLVED:**

We support policies that require railroad companies create railroad crossings in all residential areas that are free of railroad horn noise.

**BE IT FURTHER RESOLVED:**

We support policies in the building of roads and highways that require local or state governments to use mitigating measures like walls or green spaces in high traffic areas or where there is heavy large vehicle traffic in residential areas.

**FINALLY, BE IT ALSO RESOLVED:**

We support policies that reduce residential noise in other ways, such as through home and apartment construction practices and noise ordinances at the local level.

2021 Resolution to Amend the Platform of the Oklahoma Democratic Party

Submitted By: CD4

Title: Resolution Regarding Taxes

**WHEREAS:**

The Oklahoma Democratic Party recognizes that the Oklahoma legislature has cut taxes by nearly \$1.5 billion annually since the mid-2000s. Most state agencies have now been cut by 20% or more since the Great Recession; and

**WHEREAS:**

We recognize that two-thirds of the total tax cuts were caused by reducing the top income tax rate from 6.65 to 5.0 percent. These cuts provided minimal or no benefit to middle and lower income Oklahomans; and

**WHEREAS:**

We recognize that Oklahoma State and Local Taxes are among the lowest in the nation as a percentage of Personal Income. We recognize that the Oklahoma Tax System is regressive which means the poor pay a greater portion of their income than do the rich assuming all taxes are counted, including income, sales, and property tax; and

**WHEREAS:**

We recognize that the greatest benefits from the income tax cuts go to the top 20% of income earning households; and

**WHEREAS:**

We recognize that the gross production tax on oil and gas production is declining because of tax credits to producers. In fact, the gross production tax has been reduced; and

**WHEREAS:**

We recognize that state budgets have been cut sharply in recent years when adjusted for inflation, and in particular, funding for public education and higher education is declining; and

**WHEREAS:**

We recognize that our income tax rate tops out at \$24,900 of income for a married person (changes with inflation). That means if a married taxpayer gets to that level, they do not pay any greater percentages of their income more than 5%; and

**WHEREAS:**

We recognize that our opponents used false information to mislead the public and to hide and misinform about our dysfunctional tax system. Basically, our current tax system takes away benefits from the needy and rewards the greedy. Robin Hood in reverse;

**THEREFORE, BE IT RESOLVED:**

**We support and applaud the bipartisan tax analysis done by the Oklahoma Policy Institute and recommend that people learn more about tax analysis through okpolicy.org.**

**BE IT ALSO RESOLVED:**

**We support restoring the top tax rate for very high incomes. Oklahoma could restore a top rate of 6% on income over \$200,000 (\$100,000 for single individuals) and 7% for incomes**

over \$400,000 (\$200,000 for individuals) and this would leave everyone with a lower effective tax rate than 15 years ago. Further, only 3% of Oklahoma households would be affected by this surcharge.

**BE IT ALSO RESOLVED:**

We oppose the double deductions for state income taxes and believe that they should be eliminated.

**BE IT ALSO RESOLVED:**

We support requiring combined corporate reporting.

**BE IT ALSO RESOLVED:**

We oppose improper use of the State's Rainy Day Fund and demand it be used for its intended purpose.

**BE IT FURTHER RESOLVED:**

We support repealing the tax credit for horizontal drilling.

**FINALLY, BE IT ALSO RESOLVED:**

We support tax fairness and represent the average working Oklahoman.

2021 Resolution to Amend the Platform of the Oklahoma Democratic Party

Title: Resolution in Support of Adopting Ranked-Choice Voting System

WHEREAS:

Ranked-choice voting is a system that allows voters to rank candidates in order of preference, with any candidate who receives the majority of first preferences for that office wins the election, and in the event no such candidate exists, calls for an instant runoff tabulation to be completed in rounds, with each ballot counted as a single vote for whichever non-eliminated candidate is ranked highest; and

WHEREAS:

A ranked choice voting system encourages participation in the electoral process, because additional candidates can run without fear of “vote splitting” or “the spoiler effect” in which by pulling away voters from a top tier candidate closer to their values, lesser-known candidates end up increasing the chance of victory for a top tier candidate who is even further away from them ideologically; and

WHEREAS:

A ranked choice voting system discourages negative campaigning and instead encourages candidates to focus on their positive vision for voters because there is an incentive to seek the second or third round votes of another candidates’ voters and attacking that candidate would undermine that effort; and

WHEREAS:

A ranked choice voting system eliminates the need for separate runoff elections, which are costly to taxpayers and generally have lower voter turnout; and

WHEREAS:

Robert’s Rules of Order recommends ranked choice voting as superior to current voting systems; and

WHEREAS:

Ranked choice voting is being used by a growing number of jurisdictions including the State of Maine and the cities of Amherst, Cambridge, and Easthampton, MA, Berkeley and Oakland, CA, Minneapolis and St. Paul, MN, New York, NY, Benton County, OR, and Burlington, VT;

**THEREFORE, BE IT RESOLVED:**

Free and fair elections are necessary for the continuation of our democratic republic;

WHEREAS:

As Rev. Dr. Martin Luther King, Jr. said, “The arc of the moral universe is long, but it bends toward justice”, and voting rights have always been an integral part of gaining justice;

WHEREAS:

Democracy in the United States only becomes stronger when voting rights are protected for ALL people;

**THEREFORE, BE IT RESOLVED THAT:**

We support same-day registration for voters, removing the impediment of having to be registered weeks in advance of an election to cast a ballot and will promote it publicly;

**BE IT ALSO RESOLVED:**

We support the creation of completely online voter registration, as is already required by Oklahoma state law (26 O.S. § 4-109.4), but has yet to be completed by the state government;

**BE IT ALSO RESOLVED:**

We support ensuring that all voters receive reminders well in advance of election day about the identification cards that can serve as identification for voting and how they can obtain said identification;

**BE IT ALSO RESOLVED:**

We support voter education and registration assistance for those who will turn eighteen years old prior to the next general election;

**BE IT ALSO RESOLVED:**

We support access to voting by mail and providing secure ballot drop boxes as an alternative for submitting vote-by-mail ballots;

**BE IT ALSO RESOLVED:**

We support providing more voting locations, voting machines, and election workers to prevent excessive waiting times to vote on election day;

**BE IT FURTHER RESOLVED:**

**FINALLY, BE IT ALSO RESOLVED:**

We support the creation of a state holiday on the first Tuesday after the first Monday in November in each even numbered year (Election Day) to promote time off from work and school for citizens to be able to vote.

2021 Resolution to Amend the Platform of the Oklahoma Democratic Party

Title: Resolution in Support of a Woman's Right to Choose

WHEREAS:

The United States Supreme Court decision, *Roe v. Wade*, published on January 22, 1973, affirmed that the United States Constitution safeguards a woman's right to make her own medical decisions, and that government should not intrude in the most private and personal family matters; and

WHEREAS:

Women's reproductive freedom is vital to a woman's health, economic security, and the ability to participate equally in society; and

WHEREAS:

Comprehensive reproductive health care, including safe abortion, is a vital component of a woman's overall health; and

WHEREAS:

Any regulation of medical care should have a legitimate purpose and if possible, be enforced in a way that increases, rather than decreases, access; and

WHEREAS:

Abortion, a time-sensitive, essential surgery, should be exempt from restrictions during health emergencies; and

WHEREAS:

In the 2016 landmark decision *Whole Woman's Health v. Hellerstedt*, the Supreme Court reaffirmed a woman's constitutional right to access safe, legal abortion, confirming more than 40 years of precedent; and

WHEREAS:

A woman's right to access safe, legal abortion without burdensome restrictions imposed by a state is at stake across the country; and

WHEREAS:

Oklahoma has some of the most restrictive abortion laws in the country. A patient must receive state-directed counseling that includes information designed to discourage the patient from having an abortion, and then wait 72 hours before the procedure is provided. Patient's must also undergo an ultrasound before obtaining an abortion and the use of telemedicine to administer medication abortion is prohibited; and

WHEREAS:

In 2021 Oklahoma's Republican-controlled Legislature sponsored more than a dozen abortion bills to further restrict abortion access to Oklahoma women, including one bill that would classify abortion as homicide. That measure would have punished not only physicians performing abortions, but also patients who undergo the procedure. Fortunately, this hideous bill was unanimously rejected in committee; and

WHEREAS:

The conservative assault on a woman's right to choose has been emboldened by the shifting political makeup of the Supreme Court and various state courts—including the Oklahoma Supreme Court—and will continue and become more restrictive; and

WHEREAS:

Everyone should have access to comprehensive health care in the state of Oklahoma.

**THEREFORE, BE IT RESOLVED:**

**We oppose efforts to undermine the *Roe v. Wade* Supreme Court decision by eliminating access to abortion in Oklahoma and throughout the country.**

**BE IT FURTHER RESOLVED:**

**We oppose and denounce violence towards abortion providers and their patients and affirm that all people have the right to access reproductive healthcare services without fear of violence, intimidation, or harassment.**

**FINALLY, BE IT ALSO RESOLVED:**

**We support access to health care without interference, including safe and legal abortion.**

Title: Resolution in Support of Freedom of Pharmacy Choice

**WHEREAS:**

Access to prescription drugs is decided by mandates from insurance middlemen (a.k.a. pharmacy benefit managers or PBMs) that choose which pharmacies beneficiaries may obtain their medications; and

**WHEREAS:**

PBMs make arrangements between big chain retail pharmacies and/or mail order pharmacies to provide better copayment rates in an effort to sway beneficiaries to utilize preferred pharmacies; and

**WHEREAS:**

PBMs can require beneficiaries to use a pharmacy in which the PBM has an ownership interest; and

**WHEREAS:**

Requiring use of a mail-order pharmacy can lead to delays in care due to disruption of mail service; and

**WHEREAS:**

PBMs are not required to reimburse pharmacies the cost of acquisition of a prescription medication; PBMs can choose to reimburse pharmacies far below the cost of a drug; and

**WHEREAS:**

Increased competition gives consumers more options to choose a pharmacy that's best for them;

**THEREFORE, BE IT RESOLVED:**

**We support consumers' choice of which pharmacy they fill their prescriptions; Insurance companies should cover every pharmacy under the same terms and conditions as offered to preferred pharmacies.**

**BE IT ALSO RESOLVED:**

**We support preventing insurance companies and Pharmacy Benefit Managers (PBMs) from incentivizing prescription dispensation from one pharmacy over another in any way including, but not limited to, offering lower copays and limiting the number of days supply of medication that will be covered.**

203. Labor/Minimum Wage, pg 24

2021 Resolution to Amend the Platform of the Oklahoma Democratic Party

Submitted By: OFDWC, CD5

Title: Resolution to Raise the Minimum Wage

WHEREAS:

The federal minimum wage was established in 1938 to ensure that workers are fairly compensated for their labor and able to afford a decent quality of life. Since its establishment, however, infrequent increases have not kept up with inflation. The current federal minimum has not budged since 2009 is only \$7.25 an hour, and is far too low; and

WHEREAS:

American families are struggling to pay for health care, food, housing, childcare and other basic needs, and breadwinners desperately need a raise. Additionally, the ability to meet basic needs becomes more difficult when wages are stagnant as the cost of living continues to increase; and

WHEREAS:

The Bureau of Labor Statistics (BLS) produces two inflation measures used to adjust parameters for federal benefit programs including the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) and the Consumer Price Index for All Urban Consumers (CPI-U); and

WHEREAS:

Several major federal benefit programs are indexed for inflation including the cost-of-living adjustments for Social Security, income eligibility for Medicaid, income and asset benefits for Medicare, and most benefit programs serving retired and disabled veterans; and

WHEREAS:

When business owners invest in their workers by giving them fair wages, workers are likely to spend or save more of their bigger paychecks, and in the process, stimulate the economy and create new jobs. Additionally, fair wage and compensation packages promote long-term employment and reduce the amount of time and money businesses spend on training and retraining employees; and

WHEREAS:

Raising the minimum wage would be transformative for women and families. According to analysis by the Economic Policy Institute (EPI) and the National Employment Law Project (NELP), the majority of workers who would benefit from gradually raising the federal minimum wage to \$15 an hour are women—59 percent, or nearly 19 million. In total, more than 1 in 4 working women, both those working full and part time, would see a raise; and

WHEREAS:

Women, on average, are paid \$0.82 for every dollar paid to men and many women of color are paid even less. Data shows that an increase in pay for low-wage workers could have a significant impact on the gender and racial pay gap; and

WHEREAS:

President Joe Biden’s plan to “Build Back Better” for American workers includes raising the minimum wage to \$15 per hour and ending the tipped minimum wage and sub-minimum wage for people with disabilities. Additionally, Congressional Democrats have reintroduced the Raise the Wage Act, which would increase the federal minimum wage from \$7.25 per hour to \$15.00 per hour by 2025.

**THEREFORE, BE IT RESOLVED:**

We support and will lobby in favor of living wages for workers, in cities, states and other localities across the country. This will include tying the minimum wage in Oklahoma and other states to an inflation index, cost of living index, or the local cost of housing.

**BE IT ALSO RESOLVED:**

We support and will endorse, promote, and participate in mobilizations and campaigns for living wages. Additionally, we will work with Oklahoma unions, civil rights organizations, clergy, community groups and other advocacy groups to raise wages in Oklahoma and across the United States.

**BE IT FURTHER RESOLVED:**

We support an increase in the federal minimum wage.

**FINALLY, BE IT ALSO RESOLVED:**

We oppose "trickle-down" economic policies that aim to prevent wage increases for workers.

**THEREFORE, BE IT RESOLVED:**

We support amending the Oklahoma Democratic Party platform "Worker/Pay Benefits" section, page 24, bullet point 3, to read: "We oppose the Workers' Compensation "reform", which lowers the benefits to injured workers, ends coverage to cumulative damage injuries, and creates a horrendous, "four different kinds" of workers' compensation adjudication methods: (1) preserves the old, judge system for the pending cases under that system; (2) arbitration; (3) a new system of administrative "judges"; and (4) an "opt-out", so that employers can decide to set up their own workers' comp system."

Title: Resolution in Support of Amending the Oklahoma Democratic Party Platform

**WHEREAS:**

The current Platform of the Oklahoma Democratic Party includes many issues still of concern to Oklahoma Democrats, and could be updated and modified to be adopted by the Oklahoma Democratic Party as its new Platform;

**THEREFORE, BE IT RESOLVED:**

**We support this change to the Platform of the Oklahoma Democratic Party: The sixth paragraph of the section THE OKLAHOMA DEMOCRAT, (page 7), it reads: "Oklahoma Democrats declare that every American who wants a job should have one, that government policies can grow our economy in a way that benefits everyone, and that the government can effectively fix harmful skews in the market." should be replaced with: "Oklahoma Democrats declare that every American who wants a job should have one, that government policies can grow our economy in a way that benefits everyone, and that the government can effectively take action to reduce economic inequality in America."**

3774 109) resolution which is not being discussed in congress.” should be replaced with  
3775 “President Biden’s Infrastructure Plan, known as Build Back Better, which would help the

3777 by 2050.”

3796 **BE IT ALSO RESOLVED:**

3797 We support this change to the Platform of the Oklahoma Democratic Party: In the State  
3798 Government section, (page 20), in the 5th point under “We oppose” the word “with” should

3801 State of Oklahoma.”

3802 **BE IT FURTHER RESOLVED:**

3803 We support deleting the 4th point in the Government, Federal Issues section, (page 20), as
